Profile

I am an enthusiastic and results-driven Full Stack Developer with expertise in NodeJS backend and React frontend technologies. Proficient in JavaScript and TypeScript, I have a proven track record of delivering high-quality, scalable solutions. I am adept at working with both relational and NoSQL databases, ensuring comprehensive data management. My commitment to staying current with industry trends and my passion for creating innovative solutions drive my continuous learning and professional growth.

Professional Experience

Front End Designer, Barlow and Barrow ☑

September 2022 – October 2022

Lagos, Nigeria

- Implemented responsive design principles to ensure website was optimized for various devices and screen sizes, providing an excellent user experience across desktops, tablets, and mobile devices.
